

Dear Saint Luke Families,

Where H.E.A.R.T. grows and faith flourishes
Annual Fund Campaign 2024-2025

November is upon us - it's a busy time of year, but also a joyful one. I have so much to be thankful for this season. I see joy at every turn in SLS - our younger students adventuring out on their first field trips, art projects filling the halls, friendships forming, play practice starting - this time of year is truly a joyful one. One of the things I appreciate most about St. Luke is the dedication of many to support our collective community. We've all committed ourselves to nurturing our faith and cultivating this powerful community that fosters unity and strength. I know that, in all of our hearts, we are better together. This year, I am inviting the entire SLS community to grow together, as we kick-off the 2024 Annual Fund.

At St. Luke, we continually assess the resources necessary to support our students and teachers in an increasingly digital world. While tuition provides an essential foundation, it does not fully cover the costs required to deliver the exceptional education your children deserve. To stay at the forefront of innovation, we must invest in the latest educational technology—tools that will not only enhance the learning experience at St. Luke, but also prepare our students for the challenges and opportunities that lie ahead.

With your contributions, we will enhance academic opportunities and develop our technology program, ensuring that every child feels valued and supported. **My goal for our community where H.E.A.R.T grows and faith flourishes is \$100,000 with 100% participation.**

Your generous support—whether as a one-time gift or a monthly contribution—**enables us to secure both hardware and software to meet the ever-changing demands of education. Every donation, no matter the amount, has a meaningful impact.** I look forward to partnering with you to build a brighter future for St. Luke School. Your participation is fundamental to our success. I deeply appreciate your support as we work in concert to meet this goal.

Sincerely,

Anne Ryan Craig
